

Information for Submission of Abstracts and/or Manuscripts, Posters and Presentations

Researchers may present their research work in PPT format, with each speaker allocated 15 minutes for presentation and 5 minutes for questions and answers. An abstract is required/requested please and will be published in the conference proceedings. Full research articles are appreciated and will be published in the GEOLOGICA, an English-language international journal of earth sciences. Articles should be prepared in accordance with the guidelines set by GEOLOGICA editorial board (<https://geologica.gov.pk/instructions-forauthors/>). The Participants are also being invited for poster presentations (preferably on A-0 size) including announcement of best poster presentations.

Presentations:

The size of presentation slide should be Aspect Ratio of 16:9 (1920 × 1080 px)

Posters:

Posters are to be presented as A0 or an equivalent area.

Registration Fee:

No registration fee is required. All attendees are responsible for their own visa, accommodation and insurance needs. Conference will only provide lunch and refreshment. However, a separate registration fee will be applicable for participation in the post-conference field visit.

Conference Website:

Information about the conference can be found via the GSP's websites: <http://https://gsp.gov.pk/geohazards-international-conference/>

Note:

Only those applicants will be allowed which have been confirmed for participation through email.
